Hello OSEC Friends,

As we continue to move closer to our goal of providing cost free, non medical support to Nevada County, we are grateful to many. We want to acknowledge and thank all of the following organizations and individuals who have been so generous. Many have offered us invaluable information, time, and monetary gifts.

We are currently a volunteer based organization that relies on individuals and other organizations to help us in our efforts to provide this innovative service to our community. If you are interested in being involved in the ground breaking process of a much needed service, please contact Donna Raibley at 530-477-6389.
