Voice of our Volunteer  
HARRIET TOTTEN

*"Never underestimate the power of a small group of committed people to change the world. In fact it is the only thing that ever has."*

Margaret Mead

We want to recognize Harriet Totten for her generous spirit and her many hours of Volunteering .

With the willingness to take her energy, her time, her humor and her invaluable ideas to try something new and different, her support has had an impact on the efforts of OSEC. She has brought her gifts of editing, problem solving, communication, and other strengths to the cause.

Though she has to work around her own scheduling and family commitments, she keeps coming back faithfully, every week, to help create and build sustainable solutions for our community caregivers and their loved ones. We are so thankful to Harriet for her continued support and want to take this opportunity to express how much value she adds to our organization.

We ALL thank you Harriet for your contribution to our community.
